

THE REPUBLICAN  
PUBLISHED EVERY SATURDAY  
Established in 1877, is the  
OFFICIAL JOURNAL of Calhoun  
County, one of the largest and  
most fertile counties in Ala-  
bama, and in which are locat-  
ed the towns of Jacksonville,  
Anniston, Oxford, Oxonua  
and Piedmont.

It has a larger guaranteed  
county circulation in Calhoun  
than any other paper.  
TO ADVERTISERS  
The subscribers of the Re-  
publican are the best people  
in the county. A class of  
people with whom it pays to  
advertise. Than it there is  
no better advertising medium  
in this section of Ala-  
bama.

THE FRIENDSHIP of the Advertiser  
is like the negro's flea. "When  
you put your hand on him, he  
ain't dar."

THE MONTGOMERY ADVERTISER  
does not quote very many demo-  
cratic journals these days. Their  
voice is a rude discord in her ears.

ALEXANDER DUMAS says that he  
has arrived at an age when the best  
thing for one to do is to hold his  
tongue. Will the Montgomery  
Advertiser take note?

DISPATCHES from Washington  
state that rigid economy in public  
expenditures will be the republican  
program for next winter. We can  
only say, by way of comment, that  
if the republicans succeed in ac-  
complishing this aim, it will estab-  
lish a remarkable exception to the  
rule that an old dog cannot learn  
new tricks.

THE ADVERTISER tried to force  
Mr. Oates to again make the race  
for governor. It is now in order  
for her to say that he shall not run  
for the Senate. Cassius needs a  
brutus to aid in the assassination  
of the Governor's political ambi-  
tions. Many would like to know  
just who will be selected for this  
gentle task.

ALABAMA received the gold medal  
of the Cotton States Exposition  
for the best display of tobacco.  
Prof. Bondurant, of the A. & M.  
College at Auburn, has long main-  
tained that Alabama could grow as  
fine tobacco as any state in the  
union, and the awarding of this med-  
al to the exhibit which he sent to  
Atlanta proves the truth of his as-  
sertions. He deserves great praise  
for the energy he has put forth in  
arranging his exhibit and it is  
hoped that Alabama farmers will  
interest themselves in the culture  
of this plant.

THE Montgomery Advertiser  
says Governor Oates to law for  
saying that he blames Mr. Cleve-  
land because he refused to lead and  
direct his party in Congress.

Governor Oates is right. No  
President ever demonstrated less  
interest in his party than has Mr.  
Cleveland. While he in many re-  
spects is a great man, as a party  
leader he is a miserable failure.

As Governor Oates suggests, the  
opportunity which Mr. Cleveland  
has had, if properly used, would  
have made him a greater leader  
than any President we have ever  
had. But instead of taking advan-  
tage of the opportunity afforded,  
he cast it aside, in such a manner  
as in effect to say that he would do  
as he pleased even if it placed the  
party out of power for all time to  
come.

Improved Highways  
The Birmingham Mail has  
commented upon the fact that the  
conclusion of the road is one of the  
greatest needs of this country.  
Few people ever stop to think of  
the enormous expense that falls  
upon the producer in getting to  
market the products of his farm.  
The following figures are given out  
by the department of agriculture at  
Washington, are well worth the  
careful attention of all our readers:

The office of road inquiry of the  
department of agriculture has com-  
pleted an interesting investigation  
relating to the common roads of the  
United States. Returns have been  
received from about 1,200 counties  
showing the average length of haul  
from farms to markets or shipping  
points to be twelve miles, the aver-  
age weight of load for two horse  
wagons 2,000 pounds, the average  
cost per ton per mile, 25 cents and  
\$3 for the entire haul.

Estimating the farm products at  
219,824,227 tons in weight and  
making estimates on other articles  
carried over the public roads, it is  
calculated that the aggregate ex-  
pense of this transportation in the  
United States is \$240,414,665 per  
annum.

Reports have been asked from  
the United States consuls abroad of  
the expense of hauling where the  
roads are good so as to render pos-  
sible a calculation which will show  
how much of this vast outlay is due  
to bad roads. The estimate is ven-  
tured, however, upon information  
in the office of the bureau, as to the  
enforced idleness and the wear and  
tear to live stock and hauling ma-  
chinery caused by poor roads, that  
two-thirds of the cost might be  
saved by an improved condition of  
the roads.

It will be seen from the above  
facts that six hundred million dol-  
lars could be each year saved to the  
people of this country by putting  
our roads in the condition that Eu-  
ropean governments have theirs.

The experience of every country  
and every section that has bettered  
the condition of the highways is  
that, as the roads are improved the  
hands along them increase in value.  
The wonder is that our people as a  
whole do not recognize this and  
bend their energies in this direc-  
tion.

The new road across the moun-  
tains between Jacksonville and  
Choccolocco valley has been worth  
much to the people all along the  
route. Its value cannot be easily  
estimated. The REPUBLICAN took  
the initiative in having this road  
constructed, and it has many times  
had occasion to congratulate itself  
on the efforts expended in promot-  
ing its construction.

We especially call upon the  
people of Calhoun county to give  
their attention to the further im-  
provement of the public roads of  
the county. The money spent in  
the last twenty years was suffi-  
cient—if judiciously used—to have  
given us a magnificent system of  
highways.

As is well known to all our read-  
ers around Jacksonville, THE RE-  
PUBLICAN will in a few weeks be  
published in Anniston instead of  
Jacksonville.

This change is due solely to busi-  
ness reasons. It has been known  
for two weeks that the material was  
in the depot here for the publica-  
tion of a new paper in Jacksonville  
to advocate "sound money." Any  
business man who will think for a  
moment will realize that Jackso-  
ville cannot support two newspa-  
pers. For the REPUBLICAN to stay  
here would mean nothing less than  
a bitter and unpleasant newspaper  
fight and a loss of money.

The editors and publishers of  
THE REPUBLICAN are in the news-  
paper work as a business, and are  
not disposed to give their time and  
labor without remuneration. After  
mature deliberation they decid-  
ed that they could not publish  
THE REPUBLICAN in Jacksonville  
and make a living. So they con-  
cluded to look out a new field, and  
they believe that they have found  
in Anniston one of the best open-  
ings in Alabama for the publication  
of a good weekly newspaper.

Crisp and Reed  
The Republican's caucus  
which met Friday, Nov. 20, as their  
candidate for speaker of the house  
of representatives. On account of  
Mr. Reed's political views, which he  
formerly occupied the position  
of speaker or he is commonly known  
as Crisp Reed.

Judge Oates, P. Crisp, of Geor-  
gia, was selected by the democratic  
caucus as a candidate for the speak-  
ership, and by virtue of this elec-  
tion Mr. Crisp becomes the leader  
of the democratic minority.

Notwithstanding the opposition  
to Judge Crisp, which was fostered  
by certain journals not in sym-  
pathy with his financial views, he  
was unanimously selected. No man  
better fitted for the position claims  
the name of democracy; and if the  
opposition believe that his selection  
means an endorsement of his views  
on the coinage question—and some  
of them said that it would—they  
can make the most of it. It is an  
honor due Mr. Crisp alike from  
precedent and from merit.

THE ADVERTISER'S efforts to  
have Capt. Johnston to discuss  
what he chooses to term state issues  
is truly a brilliant coup de grace.  
It is unnecessary to say that the  
Captain will fall an easy prey.

GOV. OATES says that he  
is willing to make any reasonable  
concession in the interest of har-  
mony among the white people of the  
democratic party. Because he has  
said this and acted upon it, the  
Montgomery Advertiser and the  
Mobile Register turn their editorial  
guns upon him. They are yet to  
discover that few white men are  
in sympathy with their "rule or ruin  
policy."

From LaGrippe.  
How Dr. Miles' Nerve Restorer  
One of Kentucky's Business  
Men to Health.

NO DISEASE has ever presented so many  
peculiarities as LaGrippe. No disease  
leaves its victims so debilitated, useless,  
skeletal and weak.

Mr. B. W. Hinton, state agent of the  
Mutual Life Insurance Co. of Kentucky, says  
"In 1892 and '93 I had two severe attacks  
of LaGrippe, the last one attacking my  
nervous system with such severity that my  
life was despaired of. I had not sleep for  
more than two months except by the use of  
narcotics that stupefied me, but gave me no  
rest. I had only convulsions of intense mental  
weakness, agonizing bodily pain and the  
fact that I was losing my mind."

When in this condition, I commenced using  
Dr. Miles' Restorative Nerve. In two days  
I began to improve and in one month's time  
I was cured, and to this day I feel as well  
and as strong as ever. I have been in ex-  
cellent health since and have recommended  
your medicine to many of my friends."  
—Louisville, Jan. 22, 1895. D. W. Hinton.

Dr. Miles' Nerve Restores Health.  
MR. BENEDICT says that a great  
many republicans have besought  
Mr. Cleveland to ask for a third  
term. There is one of two reasons  
why republicans should do this.  
They either think Mr. Cleveland  
the weakest man that could be  
nominated by the democrats, or else  
they think his administration of af-  
fairs so near what republicans de-  
mand that they are willing to re-  
ward him for his services.

A Small  
Spot May  
Be Cancer!

It is very often that the most insig-  
nificant symptoms are the forerunners  
of the most violent diseases. There is  
not a more destructive disease than  
Cancer, and in a majority of cases it  
is first indicated by a very small spot  
or "mole" on the skin. This spot is at-  
tracted, until it before long develops  
into most alarming conditions.

There is such a case on record. The first  
symptoms were so small as to be noticed  
for quite a time. Mr. J. B. Arnold be-  
longed to one of the oldest and best  
families of Georgia; he is well and  
known throughout South  
Carolina, and has resided at Green-  
wood for years. Cancer is hereditary  
in the family, and on each side  
he had died from it. Several years  
ago a small spot, like a tiny ulcer,  
about the size of a bird's foot, appeared  
under his left eye, above the cheek  
bone. He thought nothing of it for  
some time, until it began to grow rap-  
idly, spreading all the time, and de-  
stroying the flesh as it went.

MR. J. B. ARNOLD.  
He says: "It gave me a great deal  
of pain, and I was very anxious to  
get it cured. I tried many so-called  
cancer cures, but they did me no  
good; one told me, however, that I  
was incurable and had better make my  
arrangements accordingly. I was on  
the verge of despair, when Dr. J. C.  
Miller, one of the leading druggists of  
my town, recommended S. S. S. The  
first bottle seemed to make me worse.  
Dr. Miller told me this was a favor-  
able symptom, and by the time I had  
taken the second bottle, the cancer be-  
gan to discharge, and as I continued  
this became quite profuse and hot, so  
that I was obliged to use a wet cloth  
to keep it from burning me. Then it gradu-  
ally grew less, and after awhile ceased  
altogether, and to my delight the place  
where it was, healed completely, so that  
nothing remains but a scar."

"I consider S. S. S. a boon to suffer-  
ing humanity, and feel that I owe my  
life to it. It began S. S. S. made such  
progress when I began S. S. S. that my  
death was declared to be only a matter  
of a very short time. The cure ef-  
fectly cured me of this dreadful disease,  
and every one most remarkable, and clearly  
demonstrates the fact that S. S. S.  
does cure hereditary cancer. No one  
who is afflicted with this dreadful dis-  
ease can afford to fail to give S. S. S.  
a trial, for that is all that is necessary  
to convince them of its virtues."

The above is but one of many re-  
markable cures being daily made by  
S. S. S. Cancer is becoming alarm-  
ingly prevalent, and manifests itself  
in such a variety of forms, as skin  
and sore scab, it matters not how small,  
which does not readily heal up and  
disappear, may well be regarded with  
suspicion.

The fact that S. S. S. cures heredi-  
tary cancer, which is considered in-  
curable, places it without an equal as  
a cure for all forms of cancer, such  
as Scrofula, Eczema, Contagious Blood Poison, or  
any other form of bad blood.—Atlanta  
Constitution.

Office of  
J. F. GREER,  
County Judge,  
Green Cove Springs, Clay Co., Fla.

Georgetown:  
Twenty-three years ago I was at-  
tacked with inflammatory rheumatism  
I was attended by the most eminent  
physicians in the land. I visited the  
great Sanatorium at Saratoga Springs, N. Y.,  
and the noted Hot Springs of Arkansas,  
and many other watering places, and  
always consulting with the local  
physicians for directions. Finally  
I came to Florida ten years ago.

About two years ago I had a se-  
vere attack of rheumatism, was con-  
fined to my room for twelve weeks,  
and during the time I was induced  
to try J. F. P. knowing that each in-  
crease of the blood, after using two small  
bottles I was relieved; at four differ-  
ent times since I have had slight  
attacks of rheumatism, but each time  
two small bottles of J. F. P. and I  
have been relieved, and I consider it the  
best medicine of its kind.

Gov. Oates For Harmony  
Governor Oates' latest present-  
ment letter addressed to the editor of the  
Mobile Register, as follows:

"One word more. As to the re-  
mark 'We were surprised that the  
governor should go out of his  
way to preach harmony with men  
who profess what we believe to be  
wrong principles.' Advocates of  
free coinage may be, and I believe  
are wrong, but I have no doubt of  
their honesty in the main. The  
coinage question does not embody  
all the principles of the democratic  
party, but it is one of the policies.  
If the advocates of free coinage be  
sincere and honest as men who op-  
pose it profess to be, in what way  
can we compromise unless by im-  
partial concessions? They are demo-  
crats, men and patriots, as well as  
ourselves. Do we expect them to  
surrender everything, and come  
over to us, or are we to make a  
clean surrender to them? I think  
a mutual respect for each other's  
opinions and proper concessions to  
a reasonable extent, should be  
made in order that the party may  
not lose the state next year. I tell  
you, my friend, that if this fight  
continues to grow in bitterness, as  
indicated in the papers of each fac-  
tion, which are more hostile toward  
each other than they are to the  
common enemy, the success of the  
party next year may be put down  
as doubtful, if not hopeless. I am  
prepared to make any concession  
which I can make consistently with  
honor and self-respect to avoid  
such a calamity."

The position which Governor  
Oates takes is that of a patriot,  
but it will no more meet the ap-  
proval of the Mobile Register and  
the Montgomery Advertiser than  
his statement that President Cleve-  
land was a failure as a party lead-  
er.

These papers expect and demand  
that the Democrats in Alabama  
who believe in the free and unlim-  
ited coinage of silver surrender  
everything. They are not willing  
to support Capt. Johnston for  
Governor and insist that he cannot  
be elected if nominated, for the  
reason that the "sound money"  
men will not support him. They  
insist that it is wrong to force such  
a man on the party—that it is  
wrong to ask or expect the gold  
standard men to support a free  
silver Democrat for governor. Yet,  
they think it all right to place a  
gold standard man at the head of  
the Democratic ticket in the State  
election and demand that free sil-  
ver Democrats support him.

The Register and Advertiser are  
willing to make no concessions,  
and are lost in the blindness of  
their intolerance. But fortunately  
a very large majority of the  
Democrats in the State realize that  
the effect of such intolerance is to  
disrupt the party, and will decline  
to follow the leadership of papers  
and men after the order of the  
Montgomery Advertiser and the  
Mobile Register.

As this is the last year of the term I

WE HAVE "SUITED" THIS SEASON WILL SET HUNDREDS MORE TO THINKING

10.00 12.50 AND \$15.00 BUYS A HEAP

More satisfaction in a heavy Suit or Overcoat than you imagine. By taking extra pains to have both value and variety as big as possible—we have made them very popular grades. But we could not have done so if we had not had control of the making of them. Ours would not have been any better than others had it been otherwise. A look here, and a look around doesn't leave any room for doubts. With half an eye you can see quality—style—on whatever it is you judge by.

If there are any who do not know this, they can have their money back if they want it. When you have a "FAMOUS" Suit on you have a few dollars "SAVED MONEY" in your pocket. Try it and see.
